# YOUNG'S SEED HOUSE

## 1931 Catalog and Price List

### *To The Trade:*

In asking for your seed orders this year, we wish to again call attention first to the matter of quality. The seeds we offer you are grown where conditions are most favorable to healthy growth and maturity, and are absolutely the best in seeds that it is possible to buy. We want our customers to have the best that we can get. All seeds are carefully tested for germination, and only that which proves up to a high standard is sold you.

Regarding prices, we believe the figures quoted in our price list will compare favorably with other houses, and we can save you a little in transportation charges, and give you the seeds when you want them.

We want to ask for your business for 1931, and assure you of careful attention.

Very truly,

THE YOUNG & SONS CO.

All quotations are f. o. b. Hutchinson.

Our Seeds must please you. Please examine them,—test them in any way you wish, and if you do not find them satisfactory, return them to us in ten days and your money will be refunded. We cannot guarantee a crop as so many different factors enter into the making of it, therefore to protect ourselves against situations beyond our control, we sell our seeds without warranty. The Young & Sons Co., gives no warranty, express or implied, as to the description, quality, productiveness, or any other matter of any seeds, bulbs, or plants they send out. If the purchaser does not accept the goods on these terms, they are to be returned at once.

## STONETEX LAWN POTTERY

## PEAT MOSS FOR LAWNS AND GARDENS

Spread from one to three inches of Peat Moss over the soil and work in thoroughly. This added humus will give the soil a much better holding capacity for retaining rainfall, or other moisture. Prevents heavy soils from quickly drying out and forming surface crust. Mulch flowers, vegetables, fruits, roses, peonies, shrubs, hedges, keeping them surrounded with a two to three inch mulch of Peat Moss.

For Potted Plants, mix about one quarter to one third of Peat Moss with your soil. This will keep the soil moist, light and prevent crusting. Used by all Florists.

## POWERFUL B-K GERM KILLER

B-K (Bacilli-Kil) is a very powerful Germ Killer. Not a poison, but is ten times more powerful as a germ killer than carbolic acid. Destroys germs almost instantly on contact. B-K is a concentrated sodium hypochlorite product. Clean, odorless and a deodorant.

**FOR POULTRY.** B-K is the most widely used germicidal agent. Feeding B-K in the drinking water at all times is very important to prevent the spread of disease. Can be used without danger to mature birds, or baby chicks. Prevention of disease is cheaper and easier than cure.

**DAIRY USE.** The foundation of success in the production of milk is to maintain sanitary conditions. B-K is the ideal solution for sterilizing and deodorizing. Simple and economical to use. You don't have to bother to heat water. Just

make your dilution with cold water according to directions. This will give you for ½ to 3c per gallon a rinse that will thoroughly sterilize your utensils and assure you of clean milk. B-K has been recognized by milk-producers everywhere for the last 20 years as the leader in this field. **HOUSEHOLD USE.** B-K has many household uses which are thoroughly set out in literature which is yours for the asking. B-K has many imitators. Play safe and use the old original tried and proven B-K.

## RAT SCENT

Rat-scent is a specially prepared scented, sundried combination of grains which is the natural food of the rat and mouse. Harmless to chickens. No bait to mix, no odor from Rats and Mice killed by Rat-scent. Dogs and cats are not attracted to it, on account of it being a grain. Thousands of families now using Rat-scent and ridding their premises of these pests. Full directions on each package. 7oz. pkg.-----35c    12 oz. pkg.-----50c

## WESTERN MINERAL MIXTURE

This is the simple Mineral mixture recommended by practically all of the leading Experiment Stations. Is made from Bone Meal, Calcium Carbonate and Salt, and supplies all the mineral elements required by Poultry, Dairy Cows, Meat Animals and Hogs.

For Poultry, use up to 5 lbs. per 100 lbs. of feed.

For Dairy Cows, use 3 lbs. per 100 lbs. of Ration.

For Cattle Fattening, use 3 to 3½ % of Ration.

For Hogs, use 2½ to 3 % of the Ration.

Price \$1.65 per cwt., 50 lbs. 95c.

## Poultry Feeds and Supplies

**MAK-M-GRO BUTTERMILK CHICK MASH** contains Pure Powdered Buttermilk, Swift's Fine Meat Scraps, choice green Alfalfa Leaf Meal, Linseed Meal, Wheat Middlings, Kafir-Milo Meal, Ground Hulled Oats, Pulverized Yellow Whole Corn Meal, Bone Meal, Calcium Carbonate and not over 1% Salt. It is balanced properly for stimulating the most rapid, healthy growth in baby chicks.

**YOUNG'S HEN SCRATCH GRAINS** is a well balanced scratch feed containing only re-cleaned whole and steel cut grains of the highest quality. No Grit, chaff or fine stuff. Market Prices.

**MAK-M-FAT POULTRY FATTENER** contains the right food elements in the correct proportions to make the quickest and greatest gains in weight. Will absorb milk very freely. Per cwt.-----\$2.25

### SWIFT'S HIGH GRADE MEAT SCRAPS

Swift's Meat Scraps supply the kind of Animal protein that increases egg yields. Make your poultry feeding more profitable by feeding for maximum egg production. Nothing in the ration will take the place of high grade animal protein. Swift's Meat Scraps are everywhere the standard of quality. Get the best—it is cheaper in the long run. We handle both Swift's Meat Scraps and Swift's 60% Digester Tankage, in car lots and can always quote very low prices.

Our large storage warehouse capacity and our modern equipment for doing every kind of grinding, together with the advantage of purchasing practically everything in the poultry feed and supply line in carload quantities, enables us to make you money-saving prices on the following items:

Monarch Steel Cut Yellow Corn	Pulverized Yellow Corn Meal

### **PEAT MOSS FOR POULTRY LITTER**

Absorbs ten to fifteen times its own weight of moisture. Better than straw. Keeps houses dry and sanitary. Reduces fire hazard, as hot coals, or ashes will not ignite the litter. It will smoulder and go out. Checks disease spread because germs cannot develop in Peat Litter as there is nothing for them to feed on. Will last all thru the brooding period without being renewed.

One bale will cover about 350 sq. feet one inch deep.

Per bale (about 125 lbs.)-----\$3.25

## Hog, Dairy and Miscellaneous Feeds

**MAK MILK**, 24% protein Dairy Concentrates. This splendid formula includes Linseed Oil Meal, High Grade Cottonseed Meal, Corn Gluten Feed, Molasses and the essential minerals; this is the formula that enabled Knutson Bros., to break all records for milk production in Wisconsin last year. To be fed with your home grown grains, reducing it to around 15% protein.

**SUNFLOWER DAIRY FEED**, 16% protein, is the highest type of 16 per cent Dairy Feed possible to manufacture. It includes Linseed Oil Meal, Cottonseed Meal, Corn Gluten feed, Alfalfa Meal, Molasses and minerals, with grains and mill feeds, and is a sure-fire milk producer in a complete feed.

**MATCHLESS BIG "10" PIG MEAL**, 43% protein. This wonder Hog and Pig Meal is prepared on the Evvard formula, from Ames College, Iowa; while containing 40% of Tankage, with its balance of Minerals and other concentrates, it has shown a yield profit of \$20.00 per ton greater than Tankage, and yet costs less. Harold Pennington, well known Stock Raiser, right here in the Hutchinson neighborhood was able last year to make 100 lbs. of pork with 49 lbs. of Big "10" Pig Meal and 285 lbs. of corn. Can be used to balance either corn, or wheat. This concentrate will make you more money from hog feeding than you ever made before.

Our car-lot buying of the following feeds with over 100 cars of warehouse storage enables us to make you very low prices at Hutchinson, on the following feeds.

Swift's High Grade 60% Tankage  
 Swift's Steamed Bone Meal, 65% phosphates
